

Flip Keys

KEY HEAD COMPONENTS

Flip Key head kit (code: CFHP-TA) includes:

- Plastic head with flip mechanism and silver chromed hole to fit keyholders (1 pc).
- Interchangeable black and red plastic covers to customize the key (2 pcs).
- Transponder adapter (1 pc).
- Pins to block the blade in the flip mechanism (2 pcs).

BLADES PACKAGING

Easy to stock and display **single blade packaging** with part number clearly visible on the back.

We suggest that you assemble your Flip Key with the dedicated pin fixing tool provided by Silca (code: AVH4000).

Flip Key does not include a remote control.

Flip Keys

Compact, eye-catching, long-lasting, valid for an extensive range of vehicle models, Flip Key is the first vehicle key reproducing the original key's flip mechanism, combining Silca's reliability and high-quality standards with a captivating and customizable design.

Don't miss Silca's unique, innovative Automotive solutions.

FLIP KEYS - Plus

- **Distinctive, refined and modern design.**
- **Compact dimensions**, easy to store, reproducing the original key's flip mechanism: the blade is folded within the plastic key head.
- **Long-lasting and reliable sprung mechanism** guaranteed by Silca's quality materials and engineering.
- **Designed to accommodate Silca's Glass Transponder Innovation*** and most mini glass and plastic transponders available on the market.
- **Shop stock optimization** thanks to single key head with switchable blades for a mix and match approach.
- **Wide and constantly updated key blades range** suitable for most vehicle models in circulation.
- Allows to **transform your originally unsprung key into Silca's smart Flip Key.**
- Provide your customers with **an exclusive and price competitive solution** against most existing alternatives.

* GTI is Silca's first multifunctional, programmable glass transponder worldwide.
